ROY. G. DUNCAN, Pastor

The Pastor's Pen

by Pastor Roy Duncan

TIME AND OPPORTUNITY

Time is a privilege and responsibility, it is a gift from God, it is filled with challenges and opportunities.

God has been faithful his grace and mercy has kept us through 8,760 hours, 365 days and 12 months of 2013. Another year has come and gone - 2014 stretches before us. May we learn from last year to make the most of every opportunity God will faithfully present being careful to not look back at what was but looking ahead to what can be.

May we all draw strength from *Ephesians 5:15* "Be careful how you live not as unwise but wise making the most of every opportunity because the days are evil. Therefore do not be foolish but understand what the Lord's will is."

Someone has said, life is what happens to you while you make plans to do something else.

Glory to God

the Creator of Life.

Praise and glory to God our Father, for His creation is splendid and beautiful.

January is Sanctity of Human Life Month

Psalm 139:13-14 *"For you formed my inward being; you wove me in my mother's womb. I will praise you for I am fearfully and wonderfully made. Marvelous are your works and that my soul knows very well"*

Since God is pro-life- so are we.

God our Father created each of us in His image. For this reason, life at every stage has immeasurable value and beauty.

Lord, we pray, help us accept your creation.

As members of the human family, we rely on others to help us see our value. The Bible teaches us that God created each human life for a purpose.

Lord, we pray, show us our purpose.

God's children are called to speak the truth; to awaken the hearts of our friends, neighbors and family with love and compassion. We pray for the courage to be a voice for those most vulnerable members of our human family, those who have no voice of their own.

Lord, we pray, give us courage to be a voice of truth for the most vulnerable.

May we see each new life, from the very beginning, as a person created in God's image for a specific purpose. May we never lose sight of God's love for human life, no matter the stage of development.

Praise and glory to God our Father, for His creation is splendid and beautiful.

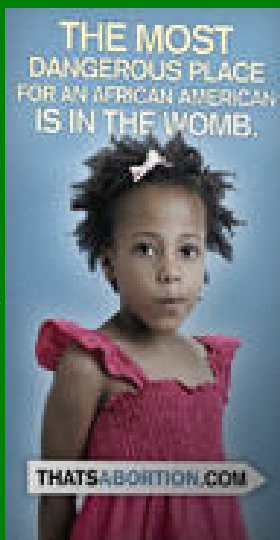

The clock is ticking . . .

Think about this:

One baby is aborted every
26 seconds
137 every hour
3,304 every day
23,196 every week
100,516 every month
1,206,192 every year
in the United States alone.

DISTURBING FACTS

Nothing in American claims more lives than abortion, with some 1.2 million children being killed each year.

And the African-American community bears a disproportionate number of these abortions. Although blacks make up 13% of the US population, black women have some 36% of the abortions. A Black baby is 5 times more likely to be killed in the womb than a White Baby.

Some 1,784 African-American children are killed by abortion each day. Abortion in the African-American community has killed more than has AIDS, cancer, diabetes, heart disease, and violent crime combined.

For every two African American women that get pregnant one will choose to abort.

Some 3,446 Blacks were lynched in the U.S. between 1882 and 1968, That number is surpassed in less than 3 days by abortion.

Every week more African-Americans are killed by abortion than all people killed in the Vietnam war

Since 1973, abortion has wiped out over 25% of the African-American population.
